Some Good Advice

"Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when bilious or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example.

Boiler Maker Cured of Rheumatism

GEORGE P. DAVIS ONLY SECURED RELIEF AND PERMANENT CURE AFTER TRYING MANY REMEDIES.

Trusler Remedy Co.,
Huntington, Indiana.

Gentlemen:
I had suffered with Rheumatism inflammatory for thirteen months—seven months in bed. I could hardly walk on crutches, when a friend induced me to try Trusler's Rheumatic Tablets, which gave me relief almost from the first dose. I have been back at my trade as boilermaker at the C. & E. I. shops. Spent five weeks at the Springs with no relief. I surely can give your remedy my strongest endorsement and I recommend it to all rheumatic sufferers.

(Signed) GEORGE P. DAVIS.

FOR SALE BY ALL DRUGGISTS

IF YOU HAVE RHEUMATISM

You would give almost anything to get rid of it, wouldn't you? And you know it won't get well by simply letting it run on. Rheumatism, like everything else, has a cause, and it can not be cured until you remove that cause. But what is the use of spending hundreds of dollars at springs and health resorts when for 50c you can obtain a box of Trusler's Rheumatic Tablets from any druggist, or 6 boxes, which will be sufficient for the most obstinate case, for \$2.50? Trusler's Tablets remove all the poisonous waste from the bowels and kidneys and give the blood a chance to build up the entire system.

DEMOCRACY IN THE CRUCIBLE

(Continued from page 1)

hold good, those Prussian militarists; they do not believe it yet. We believe it will, but our belief has been made up heretofore largely of egoism and blindness.

Democracy and Liberty, the world's with our own, is now undergoing the supreme test. Of course there is no doubt, and it is coming to the top rapidly. There is inefficiency, mismanagement, grave mistakes that even our National leaders have made; there has been some graft, no doubt; there

has been some playing of politics; there has been profiteering—but all this is only the dross floating to the top of the crucible. We were never a military nation, you know. The biggest of our mistakes, I think, was in our ship-building program; but we were never a ship-building nation either. However, this dross is all being cleared away.

Fully sixty per cent of the winning of this war depends upon us here at home. We have three great duties upon us now as we never had them upon us before—those of us who can grow food products must grow more than ever; we must all aid in the saving of foods, and especially wheat, meats, and sugar; and all of us who

can, though it may necessitate some sacrifice, must buy these new Liberty Bonds. Properly carried through, these three great duties will prove the overbalancing power in the winning of the war, beyond a doubt. The growing of great crops and the conservation of food, and the buying of Liberty Bonds quickly, mean enough food for our soldiers and our allies, and enough ships to carry it.

If we fail in this the die of destiny is quite likely to fall with its skull-and-crossbones upward for us. If we do not fail, then Democracy and Liberty will come out of the crucible covered with glory. The result is inevitable.

What a Heap of Happiness It Would Bring to Wauseon Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work. If women only knew the cause—

Backache pains often come from weak kidneys. 'Twould save much needless woe. Doan's Kidney Pills are for weak kidneys.

Read what a Wauseon citizen says: Mrs. Milton Foster, N. Fulton St., says: "A few years ago I was troubled with severe backaches. I could hardly get around to do my housework. I dreaded to think of the days I had to do my washing and ironing. In leaning over the tub, sharp pains caught me in my back and when I swept the floor, I was bothered terribly. My kidneys weren't doing their work as they should. I had headaches and dizzy spells when I had to take hold of something for support. I learned that Doan's Kidney Pills through a friend and took some. Three boxes cured me of the terrible pains in my back and put my kidneys in good working order again." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Foster had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

UNIFORM AND MEN

(Continued from page one)

have a right not only to be proud of their men, but they also have the right to despise and call to account the men or the women who, by their utterances, their deeds, or their apathy, discredit the cause for which these men are placing their lives in jeopardy, obstruct or hinder in any way the work which these men have set themselves to do, or the preparation, equipment, care, and safeguarding of the men for and in this great work.

Wauseon has been honored during the past week by the presence of a few of the men in uniform:

Ralph Campbell of Camp Sheridan arrived in Wauseon last Wednesday for reasons that are chronicled in another column of this issue, his many friends in Wauseon saw very little of him. Suffice it to say here, that when Ralph returned to Montgomery he took with him a partner who had enlisted as a comrade for life. Ralph has been promoted to the rank of farrier in the 148th Ambulance company.

It was good to meet and talk with Private Paul Hayes of Camp Sherman, who came last Saturday and stayed with us until Tuesday. We doubt if there is a snapper, trimmer, more alert and active soldier in the service than Private Hayes.

Sergeant Bobt. Bissone's leave was all too short to suit his friends here in Wauseon. He returned to his duty of training recruits to be sent soldiers at Camp Sherman last Friday.

Sergeant Otto Funkhouser was given a three days' extension of his leave of absence and managed in the short time at his disposal to arrange the business affairs of The Harrison & Funkhouser Brothers' clothing store on a good working basis, with Mr. Clyde Pettit as manager. He left for Camp Sherman on Monday of this week.

Tuesday of this week two more men from Camp Sherman arrived for a week's furlough with the home folks—Clifford Gibbs and Howard Dolf. It goes without saying that we were all glad to see them, but none more so than their own families.

Gail Dennis of Camp Sherman arrived Tuesday on a week's furlough to be spent with the home folks; looking and feeling fine, of course.

Mrs. J. P. Hawkins of Oak Shade received word this week that her son, Charles Kinsman, has arrived safely in France.

WHAT YOUR BOND PUR-

CHASE WILL ACCOMPLISH

The following figures give one a definite idea of what his or her loan to the government by the purchase of Liberty bonds will accomplish when used by the War Department:

One \$50 bond will buy trench knives for a rifle company, or 23 hand grenades, or 14 rifle grenades, or 37 cases of surgical instruments for enlisted men's belts, or 10 cases of surgical instruments for officers' belts.

A \$100 bond will clothe a soldier, or feed a soldier for eight months, or purchase 5 rifles or 30 rifle grenades, or 48 hand grenades, or 25 pounds of ether, or 145 hot water bags, or 2,000 surgical needles.

A \$100 and a \$50 bond will clothe and equip an infantry soldier for service overseas, or feed a soldier for a year.

Two \$100 bonds will purchase a horse or mule for cavalry, artillery, or other service overseas. Three \$100 bonds will clothe a soldier and feed him for one year in France, or buy a motorcycle for a machine gun company.

Four \$100 bonds will buy an X-ray outfit.

One \$500 bond will supply bicycles for the headquarters company of an infantry regiment.

CARRIER PIGEONS FOR PERSHING

Paris Island, S. C.—In response to General Pershing's recent call for 5,000 carrier pigeons, U. S. Marines here who have aided the government in nearly every conceivable manner heretofore, again have come to bat with a pigeon raising campaign.

The carrier is an invaluable little weapon in the war, but is far too scarce for the immediate needs. So the Marines have begun the training of them on the island, having secured 200 of the birds from the homes of various members of the Marine corps. Starting with short flights on the island and increasing the distance to neighboring towns, plans are now being made for trial flights from Washington, D. C., to this camp.

Meanwhile, although several have been lost in training, the carriers are rapidly increasing in numbers, and the Marines are hoping to be able to fill General Pershing's order by themselves, and in addition, sending the pigeons across the water already trained in their line of duty.

Nature Cures, the Doctor Takes the Fee

There is an old saying that "Nature cures, the doctor takes the fee," but everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.
